

# INTRODUCING TRIMLIGHT 3L

TRIMLIGHT.COM

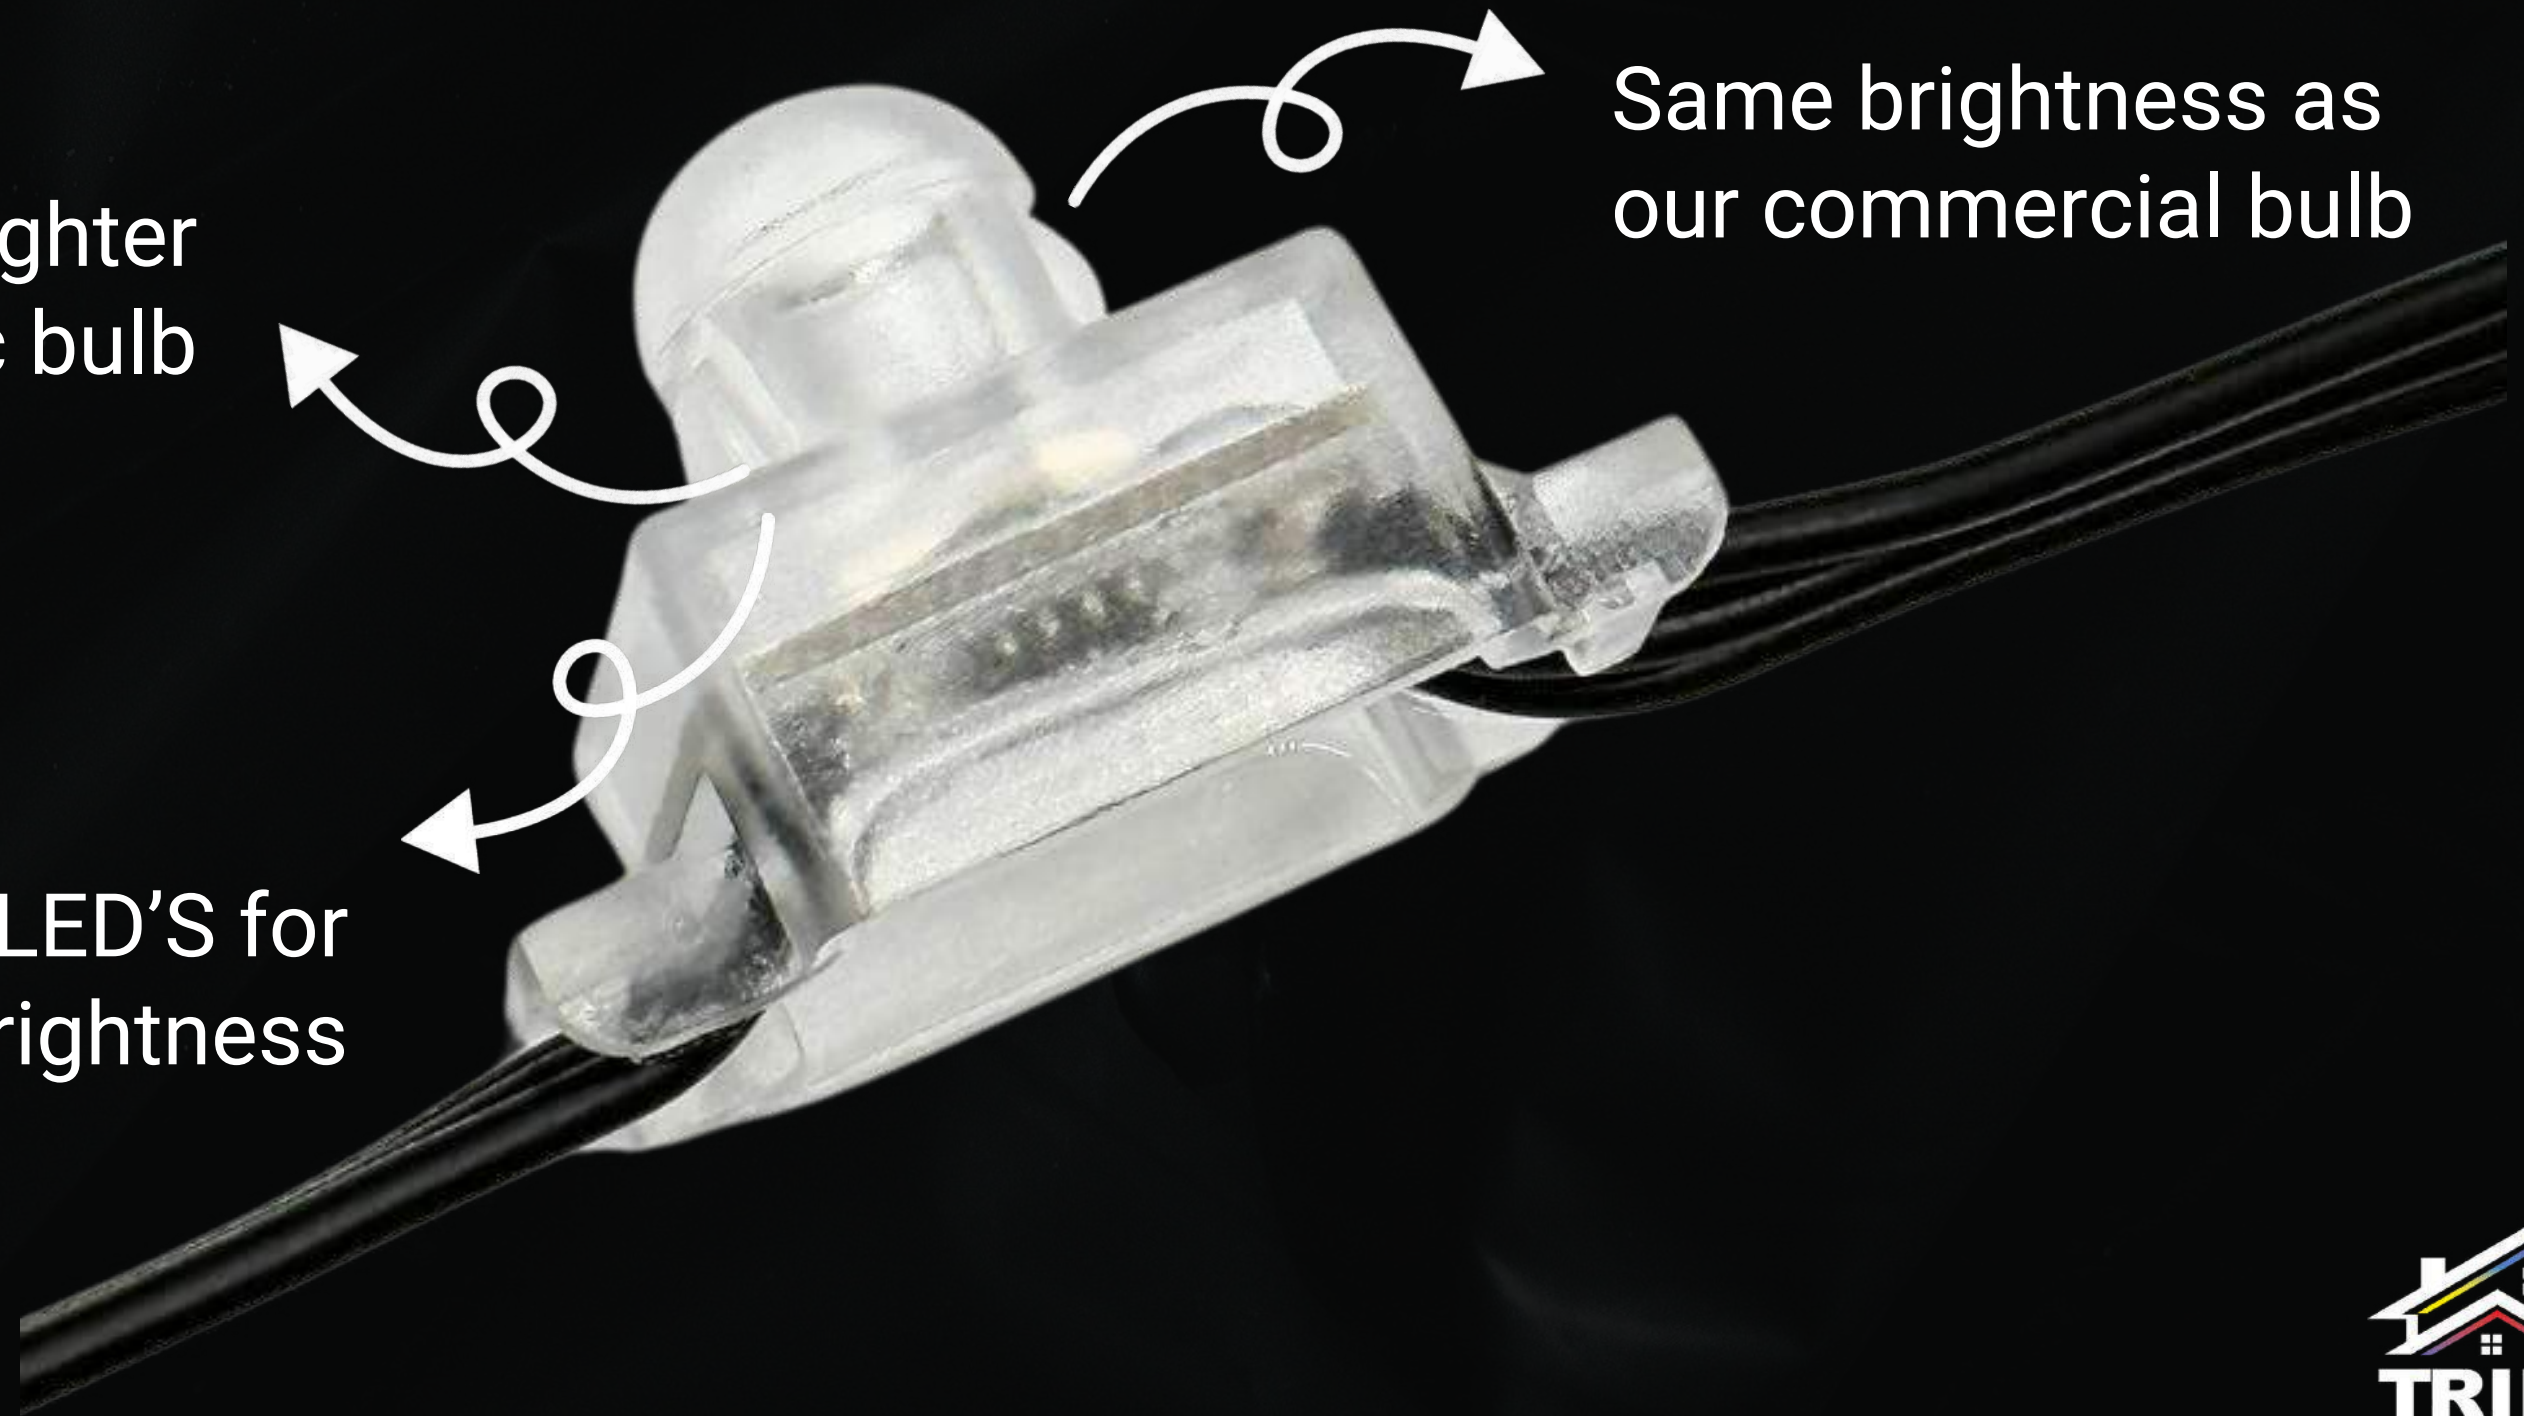

# TRIMLIGHT 3L

Significantly brighter  
than our classic bulb

Same brightness as  
our commercial bulb

3 SMD LED'S for  
maximum brightness

# TRIMLIGHT 3L

Same patented channel design  
optimizes UV protection

Same great size as  
our classic bulb  
maximizing visibility  
from all angles

Designed to withstand  
tough weather conditions  
and 100% waterproof

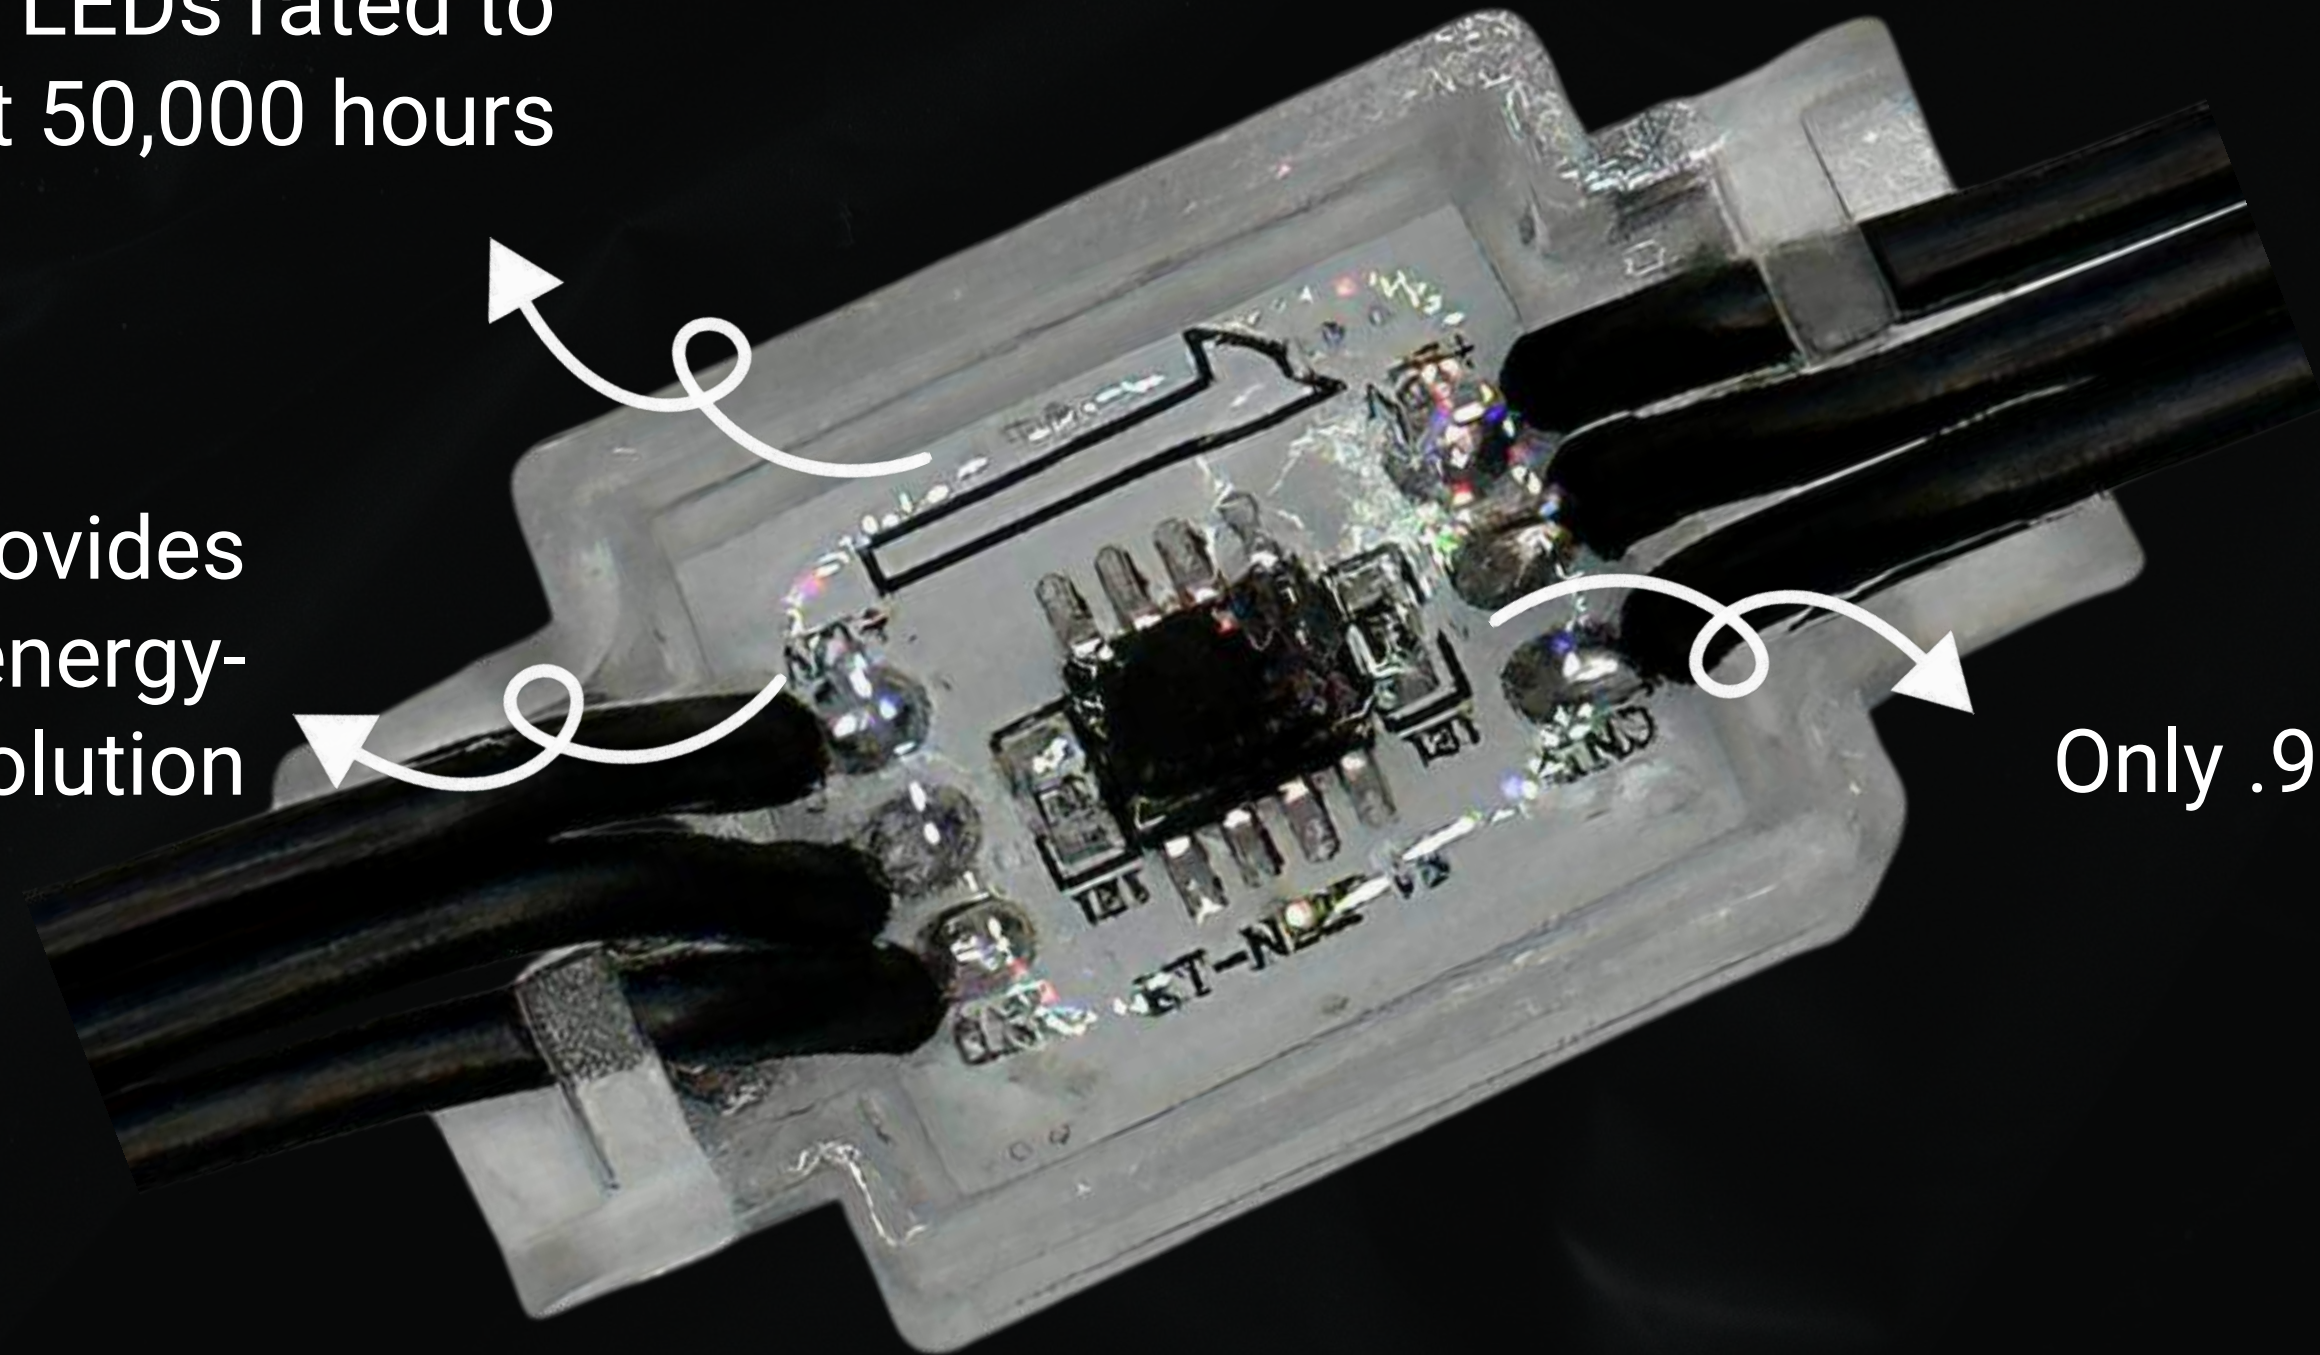

# TRIMLIGHT 3L

High-quality LEDs rated to last 50,000 hours

12-volt system provides a safe and energy-efficient solution

Only .9 watts per bulb

## Classic Bulb in Channel

Our classic bulb features an extended diffused lens positioned outside the channel, showcasing a **single LED bulb**.

## 3L Bulb in Channel

The extended, diffused lens with **three SMD LEDs** maintains the same size as the classic bulb, fitting seamlessly into the same channel.

## TRIMLIGHT 3L

Same brightness and luminosity as our commercial 30mm light, amplifying every 50-60 lights.

## TRIMLIGHT CLASSIC

Designed around the same brightness and wattage as a C7 LED.
